

Following Baby Back Home

What is Following Baby Back Home?

Having a baby in the NICU is hard. Bringing them home shouldn't be. FBBH makes the transition easier by building the family's skill and confidence in providing a safe, nurturing home for their infant.

How Does It Work?

- Free of charge to the family
- Continued as long as needed, up to age 3
- Arranged to meet the family's schedule
- Home visiting services provided by Registered Nurses and Licensed Social Workers
- Closely coordinated with the infant's medical providers and available community resources

Following Baby Back Home is offered to Arkansas families taking their infant home from a neonatal intensive care unit.

Services are available in **Central** and **Southwest Arkansas**.
